World Day of Migrants and Refugees

In the Gospel today we hear the story of the rich man and the poor man who longed to eat the scraps from the rich man's table.

The poor man represents those forgotten and ignored by society and left to suffer. It reminds us of these

days of how the world is with migrants and refugees and how they are treated. We are aware that there are those among us who do not want to welcome migrants and refugees among, who feel there is little we can do. It is a problem we are faced with. The Gospel tells us with the poor man how God looks on those ignored and excluded by society through no fault of their own. If we do not listen to the Word of God we could end up like the rich man.

"If they will not listen either to Moses or to the prophets, they will not be convinced even if someone should rise from the dead".

The Annual Collection for the Education of our Dominican Students will take place at Masses **next weekend 4th/5th October** - Rosary Sunday.

The collection means so much in helping in the formation of our young Dominicans.
